

Help for distance learning programmes

- Please carefully complete the following application and submit it to EBAC at least 3 months before the Distance Learning Programme is released.
- Your application will be reviewed by EBAC and you will receive a first decision with recommended changes to be made to your Distance Learning Programme.
- Once the requested changes have been performed, the EBAC evaluators will release their final decision on accreditation (with final number of credits granted) within 4 weeks after receipt of your modified CME programme.

Important advice

It may take some time to complete the application form. You can choose between two options:

- Download and print an empty form, complete it off-line, and come back to this website to fill it in on-line (Use the last option of the left menu to download the form).
- Complete the application form directly on-line. We advise you to save the form, from time to time (by clicking on the "save" button on the left menu). You can easily re-open it from your home page to continue to fill it in.

Saving the form will prevent you from losing all your entries in case of computer or Internet connection problems.
